

Concussion Conference Faculty Details:

Rebecca Grysiewicz, DO

Dr. Grysiewicz is a board certified neurologist at Beaumont Hospital, Royal Oak who specializes in concussion, stroke and multiple sclerosis. Dr. Grysiewicz promotes a team-centered patient approach to care with the goal of having a patient be comfortable with their diagnosis. Dr. Grysiewicz completed a Residency in neurology and a Fellowship in vascular neurology at the University Of Illinois College of Medicine.

Carolyn Doty, MA, CCC-SLP has a Bachelor of Science degree in Communication Disorders from Northern Michigan University and a Master of Arts degree in Speech and Language Pathology from Western Michigan University. Carolyn is certified by the American Speech-Language-Hearing Association as a Speech Language Pathologist (SLP). Carolyn has worked at Beaumont Health for 30-years as a staff speech-language pathologist and supervisor in the Speech and Language Pathology Department at Beaumont Health. Currently she is the Clinical Manager in the Center for Adult Communication Disorders at Beaumont Health. Carolyn has been a consultant and author of cognitive-communication treatment materials with Brubaker Books since 2005.

Jeffrey Kline, AT, ATC, PES

Jeff is an athletic trainer credentialed by the Board of Certification and licensed in the state of Michigan. He has worked with athletes on every level from middle school, adult recreational to elite level professional and Olympic athletes. During his career Jeff has travelled to Puerto Rico, Australia, and Hawaii for baseball and held appointed positions in the USOC Sports Medicine program travelling to Majorca, Spain for the World University Games (Volleyball). Jeff is the director of Sports Medicine for Beaumont Health, a community outreach program that serves 18 high schools, the Junior League World Series and the Canton Memorial Cup soccer tournament. Jeff completed his undergraduate education at Central Michigan University.

Ivete Larroquette, MPT earned her Masters of Physical therapy degree from Oakland University in 1997. Since graduation, she has worked at Beaumont Health System for 21 years in Acute, OP Ortho and Neuro settings. Her interest in working with patients' with vestibular dysfunction began during her final rotation of PT school where she had a clinical instructor who specialized in vestibular rehabilitation. For the past 15 years she has been working in the Physical Therapy, Neuro Rehabilitation department at the Beaumont Health and Wellness Center on Coolidge, treating patients with variety of neurological conditions including those with vestibular difficulties following concussion.

Elizabeth Leleszi, MD is board certified in both Neurology with Special Qualification in Child Neurology and in the subspecialty of Headache Medicine. Dr. Leleszi practices at Beaumont Children's within the Neuroscience Center in Royal Oak, and the Pediatrics Subspecialty Center in Troy. In addition, she is a staff member of the Beaumont Neuroscience Concussion Clinic. She practices both general pediatric neurology, as well as pediatric headache medicine. Dr. Leleszi completed both her residencies in Pediatrics as well as Child Neurology at Children's Hospital of Michigan."

Lisa Mammoser, MA, CCC-SLP has a Bachelor of Arts degree in Speech and Language Pathology from Western Michigan University and a Master of Arts degree in Speech and Language Pathology from Wayne State University. Lisa is certified by the American Speech-Language-Hearing Association as a Speech Language Pathologist (SLP). Lisa has worked for over 25 years as a staff speech-language pathologist in the Speech and Language Pathology Department at Beaumont Health. Lisa has been a consultant and author of cognitive-communication treatment materials with Brubaker Books since 2005.

Susan Musto, AANP- BC: Susan received her Bachelor's degree in Nursing from Michigan State University and started her nursing career working at The Rehabilitation Institute of Chicago on their brain injury unit. She went on to receive her Master's degree at Wayne State University to become a board certified Nurse Practitioner in Adult Primary Care. She is currently practicing at the Beaumont Concussion Clinic in Royal Oak where she is part of the Neuroscience team involved in developing the Concussion program. Ms. Musto has many years of experience treating people with head injuries and worked as a Nurse Practitioner in Physical Medicine and Rehab before coming to Beaumont. She recently started working on her PhD in Nursing at Wayne State University and plans to do her research studying the adolescent concussed athlete with a personal history of anxiety.

Rob Sims enjoyed a successful career as an offensive lineman in the NFL, plying his trade with the Seattle Seahawks and Detroit Lions over the course of nine years in the league. Prior to turning pro, Rob was an accomplished collegiate athlete: a three-year starter for the Ohio State Buckeyes, he captained the team during his senior season at OSU.

Rob and his wife Natalie have long been recognized for their philanthropic contributions and service to local and national charities including the Detroit Police Athletic League, the Yatooma Foundation, the Children's Center, and the V Foundation for Cancer Research.

As an ex-professional athlete turned entrepreneur, Rob has diligently pursued his passion for business. Locker Room Consulting provides a platform for Rob to share his expertise in the real estate industry while continuing his philanthropic endeavors and serving as a valued mentor to his peers.

P. Tyler Roskos, PhD is a clinical neuropsychologist in the Department of Physical Medicine and Rehabilitation at Beaumont. He sees patients at multiple Beaumont facilities, including Beaumont Hospital Taylor and Beaumont Dearborn. He completed his PhD in Clinical Psychology at Saint Louis University in 2007 and an internship in clinical psychology at Rush University Medical Center in Chicago, IL. He also completed a fellowship in clinical neuropsychology at Baylor College of Medicine and The Institute for Rehabilitation and Research (TIRR) in Houston, TX. He has been actively involved in research, teaching, and training throughout his career and is the author of multiple published scientific abstracts, peer reviewed journal articles, and book chapters in the fields of brain injury rehabilitation and neuropsychological assessment. He has also presented regionally and nationally on topics in brain injury medicine, neuropsychology, and physical medicine and rehabilitation.

Mark Uyl, BA, MA was named Executive Director of the Michigan High School Athletic Association in May of 2018, becoming the association's fifth full time director. He first joined the MHSAA staff as an Assistant Director in January of 2004. During that time, he had responsibilities for the administration of several post-season tournaments and oversight of programming and services to the over 10,000 registered game officials at the high school level in Michigan. He served on the Board of the National Association of Sports Officials (NASO) from 2011-2015, and served as the Board Chair in 2015. Currently, he serves as the lone high school representative on the Officiating Development Alliance (ODA), which consists of the supervisor of officials for the NFL, NBA, MLB, NHL, CFL, MLS and NCAA Division I sports.
