

We are pleased to invite you to attend the 3rd International Congress for Underactive Bladder (CURE-UAB). This 1.5 day program will feature the cutting edge research, clinical care, and technological advancements for underactive bladder.

The event will feature presentations from a world renowned faculty, panel discussions, work groups, and poster sessions. This international gathering will appeal to basic researchers, nurses, clinicians, academicians, industry representatives, and other stakeholders from the fields of urology, geriatrics, gynecology, neurology, and general medicine.

CURE-UAB provides an unparalleled platform for learning, participating, networking, collaborating, and discussing the emerging field of underactive bladder. CURE-UAB is supported by the Robert B. & Ann S. Aikens Urology Research Fund.

Objectives of this year's CURE-UAB

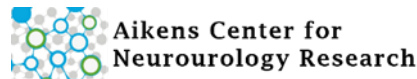

1. Discuss the prevalence of UAB, specifically as it relates to aging.
2. Recognize the challenges and complexities of treating UAB.
3. Recall and discuss possible treatments for UAB.
4. Explain the pathophysiology of myogenic and neurogenic UAB.

CURE-UAB

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint partnership of William Beaumont Hospital and the Underactive Bladder Foundation.
