

Pain Management on Demand: Awareness Training for Prescribers and Dispensers of Controlled Substances

New state of Michigan Licensing and Regulatory Affairs “one-time” training requirement for individuals who are currently licensed in Michigan to prescribe or dispense controlled substances.

Topics Covered:

- use of opioids and other controlled substances
- integration of treatments
- alternative treatments for pain management
- counseling patients on the effects and risks associated with using opioids and other controlled substances
- the stigma of addiction
- utilizing the Michigan Automated Prescription System
- state and federal laws regarding prescribing and dispensing controlled substances
- security features and proper disposal requirements for prescriptions

This requirement is effective Sept. 1, 2019 for initial licenses and the first renewal cycle after the promulgation of this rule for controlled substance license renewals. For more information about the requirement, contact bplhelp@michigan.gov.
