# Innovations in Breast Cancer and Reconstruction

## TARGET AUDIENCE

Plastic and Reconstructive Surgeons, Breast Surgeons, Surgical Oncologists, Medical Oncologists, Physical Medicine and Rehabilitation Specialists, and Radiation Oncologists. This program is applicable to physicians, residents, fellows, physician assistants, nurse practitioners and registered nurses.

## OVERVIEW

In the shared decision making of breast oncological care, for breast cancer patients who undergo mastectomy, more and more reconstruction options are available. Considering this trend, maintaining competence in breast reconstruction requires not only expertise in technical innovations, but also knowledge of the multi-disciplinary developments entailed in comprehensive care of such patients. This program will help to address this knowledge and technical skill gap. The presentations will provide attendees with clinical expertise in the management of the reconstructed breast patient. Specifically, this educational program will inform the various advances in not only operative techniques but technological innovations along with the importance of sequencing/timing of integrating breast reconstruction with other treatment modalities. And, importantly, with any operative intervention, both short and long clinical outcomes, cosmetic results and toxicities will be presented/discussed.

## ACCREDITATION

Beaumont is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Beaumont Health designates this live activity for a maximum of 4.5 *AMA PRA Category 1 Credit(s)*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

## OBJECTIVES

1. Explain the difference between autologous vs implant-based reconstruction.
2. Delineate the advantages of oncoplastic reconstruction.
3. Describe the optimal time of reconstruction in the clinical setting of both chemotherapy and or radiation.
4. Denote and appreciate the possible complications of breast reconstruction in the face of cancer therapy.
5. Discuss the difference between immediate vs. delayed reconstruction.

## PLANNING COMMITTEE

- Kongkrit Chaiyasate, M.D.
- Nayana Dekhne, M.D.
- Peter Chen, M.D.
- Daniel Sherbert, M.D.
- Julio Sosa, M.D.

## SUPPORT GENEROUSLY PROVIDED BY

The Merton J. & Beverly Segal Support Foundation

Mr. and Mrs. Howard S. Wolpin

REGISTRATION LINK  
[beaumont.cloud-cme.com/breastoncology2022](http://beaumont.cloud-cme.com/breastoncology2022)

	Regular Rate	Onsite Rate
Physician	\$125	\$140
Nurse Practitioner (NP), Physician Assistant (PA), Resident, Fellow	\$75	\$90
Registered Nurse (RN), Physical Therapist (PT)	\$50	\$65

## AGENDA SATURDAY, MAY 14, 2022

The Kingsley Bloomfield Hills - a DoubleTree by Hilton | 39475 Woodward Ave., Bloomfield Hills, MI

7-8 a.m.	Registration/continental breakfast/visit exhibits
8 a.m.	<b>Welcome</b> • Daniel Sherbert, M.D., Nayana Dekhne, M.D.
8:15-9 a.m.	<b>Precision Medicine in Breast Cancer</b> Dana Zakalik, M.D.
9-9:45 a.m.	<b>Oncoplastic Reconstruction in Breast Oncology: Radiotherapeutic Aspects</b> • Abram Recht, M.D.
9:45-10 a.m.	Questions/Discussion
10-10:15 a.m.	Coffee break/visit exhibits
10:15-11 a.m.	<b>Surgical Treatment of Lymphedema</b> • Wei F. Chen, M.D.
11 to 11:45 a.m.	<b>Radiation Challenges in Breast Reconstruction</b> Albert Losken, M.D.
11:45 to Noon	Questions/Discussion
Noon to 12:45 p.m.	Lunch break/visit exhibits
12:45-1:30 p.m.	<b>Medical Treatment of Lymphedema</b> • Justin Riutta, M.D.
1:30-2:15 p.m.	<b>Aesthetic Approach to Partial Breast Reconstruction</b> Albert Losken, M.D.
2:15-2:30 p.m.	Questions/Discussion
2:30 p.m.	<b>Adjourn</b>

Cancellations or refund requests must be received by May 9, 2022. A processing fee of \$25 will be assessed to all canceled registrations. Cancellation or refund requests after May 9, 2022, will not be honored. To cancel a registration, please send an email to [cme@beaumont.org](mailto:cme@beaumont.org) with "Cancellation" in the subject line.
