

# Neurology for the PCP

Friday, Oct. 27 • MSU Management Education Center

## Description

This conference is geared toward primary care partners. The key objectives are to help the primary care provider identify neurological symptoms and treatment options.

## Target audience

- Physicians
- Physician assistants
- Nurses
- Nurse practitioners
- Physical and occupational therapists
- Allied health
- Residents, fellows and medical students in the specialties of family medicine, internal medicine and pediatrics

## Objectives

At the conclusion of this activity, learners should be better able to:

- Identify signs and symptoms associated with specific neurologic disorders
- Explain treatment options for patients with neurological symptoms
- Instruct participants on guidelines for patient referral
- Describe follow-up recommendations to reduce readmissions

## Faculty disclosure

All speakers and members of the planning committee have been asked to disclose any relevant relationships they may have with commercial interests. The presence or absence of relationships will be disclosed at the time of the meeting.

## Accreditation statement (CME accreditation)

This activity is approved for *AMA PRA Category 1 Credits™* and ANCC Nursing Contact Hours.

For more information, including specific CME credit information, visit [beaumont.cloud-cme.com/neuropcp2023](https://beaumont.cloud-cme.com/neuropcp2023).
