INNOVATIONS IN BREAST RECONSTRUCTION

Featuring Dennis Hammond, M.D.

TARGET AUDIENCE

Plastic and Reconstructive Surgeons, Breast Surgeons, Surgical Oncologists and Radiation Oncologists. This program is applicable to physicians, residents, fellows, physician assistants, nurse practitioners and registered nurses.

OVERVIEW

As the incidence of breast cancer increases, so will the demand for breast reconstruction. Maintaining competence in breast reconstruction requires not only expertise in technical innovations but also knowledge of the medical developments that influence care. This program will help address this knowledge and technical skill gap. The presentations will provide attendees with practical expertise in the management of breast reconstructive patients. This educational program is geared towards those responsible for the management of patients undergoing breast reconstruction following a breast cancer diagnosis, and include plastic & reconstructive surgeons, breast surgeons, surgical oncologists, radiation oncologists, fellows, residents, physician assistants, nurse practitioners and registered nurses.

ACCREDITATION

Beaumont Health is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.
