INTRODUCTION

Practical Update in Cardiology 2019 is designed to provide attendees with a comprehensive review of the latest breakthroughs and advances in cardiovascular medicine. The course will focus on practical management of common cardiovascular conditions such as chest pain, heart failure, atrial fibrillation and obesity. With a combination of didactic lectures, case-based presentations and panel discussion, faculty will discuss cutting-edge therapies and as well as common challenges encountered in daily clinical practice.

Objectives

By attending this conference, attendees should improve their ability to:

- discuss new advances in coronary CTA and FFR-CT
- describe the role of aspirin in cardiovascular disease
- recall the current status of TAVR for aortic stenosis
- discuss chemotherapy agents that affect the heart
- discuss how to manage acute pulmonary embolism
- describe evidence-based strategies for weight loss
- discuss new approaches in the management of congestive heart failure

Target Audience

This CME conference has been designed to meet the educational needs of cardiologists, cardiac care providers, internists and family practitioners.

CME Accreditation and Credit Designation

Beaumont Health is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Beaumont Health designates this live activity for a maximum of 6.0 AMA PRA Category 1 Credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Non-physician professionals should check with their individual credentialing bodies to confirm that participation in this CME activity will be approved for credit. CME credits can be used to meet the continuing education requirements needed for Michigan physician assistant and nursing relicensure without limitation.

Acknowledgement

This conference will be partially supported by display fees from commercial supporters.
