PALLIATIVE CARE IN ACTION

Practical Tools for Your Practice

Learn the latest tips and strategies that will help you provide excellent care to patients and families facing serious illnesses:

- practical strategies to address symptomatic patients in the era of access to medical and recreational marijuana
- recognizing cultural and religious factors that influence healthcare delivery in the Jewish patient population
- addressing unique care needs of veterans and accessing resources through the Veterans Administration
- ethical and practical considerations in high-risk perinatal situations and in addressing hydration and nutrition at end of life
